

Hi and thanks for purchasing Harmor presets pack 'Transdimensional Communication'. My name is JediMaster and I'm a Psychedelic Trance Producer and sound engineer from Poland. After 9 years of using Harmor I decided to put my knowledge into this presets pack.

This pack contains 50 advanced presets. Each one was made from scratch out of basic oscillators. Every preset is multifunctional. It means you can change its timbre using X/Y/Z modulation window. Presets are divided into 7 categories:

1. PsyTrance Basslines (5)
2. PsyTrance Metallic Leads (5)
3. PsyTrance Squelches (5)
4. PsyTrance Sample & Hold (10)
5. PsyTrance Other (15)
6. Space Pads (5)
7. Sci-Fi Robotic (5)

Thank you very much for your support. Now contact the Aliens!
